

CERTIFICATE OF COMPLETION

Yannis Burkhalter

has successfully completed the workshop titled
'Cryptocurrency for Integrators' offered by Hodling SA.

This intensive 10-hour workshop, held in October 2023 in Neuchâtel, Switzerland, provided comprehensive coverage of both UTXO and account-based blockchain models, including Bitcoin, Ethereum, NYM, and Monero. Key topics included the fundamentals of cryptographic primitives, single and multisignature wallets, and an in-depth exploration of APIs, libraries, and the nuances of dedicated node and wallet infrastructure.
